

2024 - 2025 CHERRY HILL/CLIFFSIDE SNOW PLOWING SCHEDULE

If it has snowed or is snowing significantly (3" or more accumulation) clean up will take place. Cars must be GONE from the specified lots by the specified times and should not return until the area is cleared (End Time listed is the approximate time that area should be completed, assuming all cars are moved out of the area per instructions). Move to the "Hold" area only at your designated time slot, not before.

PLEASE CLEAN YOUR VEHICLE BEFORE MOVING IT OUT OF YOUR SPACE

If you return to your cleaned space and then clear snow off your car you deposit snow back onto a clean area which causes problems for residents adjacent to your space. Clean off the car BEFORE moving it. Those residents who cause contractors to return to clean where they have already cleaned up will be subject to fines.

PREClean Description

The areas marked PRECLEAN below will be cleared first in order to offer a "Hold" area for residents to move to while their lot is being cleaned.

	<u>Start Time</u>		<u>End Time</u>
Office	6:30 AM	Front Row of Clubhouse: ALL Office, Assigned, Reserved & Handicapped Spaces.	6:45 AM
